

Status-Interpretation/Translation Services RFP

The award under the Interpretation/Translation Services RFP has not yet been determined. We anticipate awarding the RFP sometime after FY2017 funding levels for our programs are known. We are currently under a Continuing Resolution set by Congress until April 28, 2017 and are held at FY2016 levels of funding. There has been discussion of cuts to non-discretionary programs across the board which may impact funding of new proposals. Thank you for your patience during these uncertain times.
